

docxRequest For Information (RFI) / Sources Sought  
Airport Foreign Object Debris (FOD) Detection Equipment  
Hill Air Force Base, UT

This is a request for information only. This is not a request for proposal and there is no solicitation package available at this time. Hill AFB is seeking sources and information on FOD detection and retrieval equipment. Hill AFB is conducting market research to determine the availability of businesses capable of providing this equipment.

**Description of Services**

Hill AFB interested in acquiring FOD detection equipment that:

- Complies with FAA AC No: 150/5220-24
- Is deployable (Will be evaluated by Hill AFB before award)
- Can be reprogrammable for new locations
- Has ability to distinguish between fixed and semi-permanent objects (i.e. bldgs and tents) and FOD
- Has ability to retrieve FOD detected

**Contract Type**

The 75 Contracting Squadron is anticipating a firm fixed price contract.

**Information Required**

If your company is interested, please provide the following information.

- Company name, Point of Contact, E-mail address, Telephone number, Website, and Type and Business Size (i.e. Small or Large etc.)
- Model(s) and performance data of the unit(s) you are presenting to meet the requirements
- Info on additional capabilities your unit(s) provides (i.e. pavement scanning, bird/wildlife notification, etc.)

Please submit the above information no later than the close of business (COB) on April 13, 2010. It may be submitted by e-mail, fax, or by U.S. mail. If you have any questions please feel free to contact:
